Stability: The product is stable under normal conditions of use and storage.
Hazardous Decomposition: None known.

TOXICOLOGICAL INFORMATION

Acute toxicity: Very low.
Skin Contact: May cause irritation after prolonged or frequent contact.
Eye Contact: Can cause eye irritation.

ECOLOGICAL INFORMATION

Aquatic Toxicity: No data available.
Biodegradability: Considered rapidly degradable.
Bio-accumulation: Unlikely to be bio accumulative (Degrades in water).

DISPOSAL CONSIDERATIONS

Product Disposal: This product should be disposed of in accordance with local regulations and should not be directly entered into sewerage systems, nor should it be disposed of into the local environment.
Container Disposal: The container should be disposed of in accordance with local regulations. If the container is to be recycled, the receiver must be informed about possible hazards.

TRANSPORT INFORMATION

Classified as not dangerous goods.

REGULATORY INFORMATION

ECC Hazard Classification: Not classified.
Observe the normal safety regulations when handling chemicals.
National Regulations: None.

OTHER INFORMATION

The information contained in this Material Safety Data Sheet is based upon the prevailing knowledge and information available at the date of publication. However the above mentioned company does not assume liability whatsoever for the accuracy or completeness of the information or the use, application, adaptation or process of any products described herein.
All materials may present unknown hazards and should be used with caution.
